With contributions from an international team of eighty leading experts and pioneers in the field, *Production of Plasma Proteins for Therapeutic Use* presents a comprehensive overview of the current state of knowledge about the function, use, and production of blood plasma proteins. In addition to details of the operational requirements for the production of plasma derivatives, the book describes the biology, development, research, manufacture, and clinical indications of

# Certificate of Registration

This Certificate issued under the seal of the Copyright Office in accordance with title 17, *United States Code*, attests that registration has been made for the work identified below. The information on this certificate has been made a part of the Copyright Office records.

## Title

---

**Title of Work:** Production Of Plasma Proteins For Therapeutic Use, Edited by Joseph Bertolini [et al] (9780470924310) 3

## Completion/Publication

---

**Year of Completion:** 2012

**Date of 1st Publication:** December 14, 2012      **Nation of 1st Publication:** United States

**International Standard Number:** ISBN 9780470924310

## Author

---

**Author:** John Wiley & Sons, Inc.

**Author Created:** compilation, Preface, editing of individual contributions

**Work made for hire:** Yes

**Domiciled in:** United States

## Copyright claimant

---

**Copyright Claimant:** John Wiley & Sons, Inc.

111 River Street, Hoboken, NJ, 07030, United States

## Limitation of copyright claim

---

**Material excluded from this claim:** Some material previously published

**New material included in claim:** compilation, Preface, editing of individual contributions

## Certification

---

**Name:** Jennifer Peters

**Date:** January 17, 2013
